Local Access customers may seek co-location in the CityFibre Fibre Exchange and/or request ancillary requirements, which are subject to additional charges and clarified through the enquiry process.

CityFibre Non-Standard installations attract an additional installation fee of £108.01. The classification of Extended, Complex and Non-Standard will be determined on or before the date on which such premises are declared Ready for Service (RFS).

- Extended installs relate to installations where an additional survey, route planning or wayleaves may be required.
- Non-standard is where an installation cannot be completed via a standard or extended install. For example, to connect complex business premises or premises with a long driveway of between 15-50 metres.
- Complex is where an installation requires more than c. 75 metres of cabling from the boundary of the property to the inside of the home. They will be subject to survey and agreeing an install fee with the RSP.

\*All active prices are subject to annual adjustment through BDUK benchmarking.
